("Hammer") Hammer to Customer pursuant to Technical Support and Maintenance, as provided below) ("Software"), hardware ("Hardware"), software as a service ("SAAS") and consulting services ("Services") from Hammer. Software, SAAS and Hardware may collectively or individually be referred to as "Product". As used in this Agreement, the term "Affiliate" shall mean any person or entity controlling, controlled by or under common control of a Party, where "control" means that one entity has greater than fifty percent (50%) of votes in the other entity or is legally able, by contract or otherwise, to direct the affairs and/or to control the composition of the other entity's board of directors or equivalent body.

1.2 For each purchase of Product under this Agreement, Hammer shall provide Customer with a price quotation, listing the type and quantity Customer intends to purchase, along with the applicable fees payable to Hammer and the expected delivery timetable or commencement date ("Quote"). For each purchase of Services (other than standardized or packaged services), Hammer will prepare a statement of work or similar document (each an "SOW"), which shall describe the Services to be performed. Customer shall then issue a corresponding purchase order or similar document to Hammer referencing the Quote or SOW and this Agreement ("Order"). Hammer shall notify Customer within five (5) business days of receipt of the Order that it accepts the Order, or identify with particularity what aspects of the Order are unacceptable. Once agreed, the Order shall be non-cancellable and binding on the Parties in accordance with the terms of this Agreement. All references to an Order in this Agreement shall be deemed to mean an Order agreed by the Parties.

Payments shall be made to the address listed on the invoice, or electronically or by wire transfer, if so directed by Hammer. Any undisputed amount not so paid shall be deemed overdue and shall, without prejudice to Hammer's rights in respect of the Customer's failure to pay when due, be subject to a late payment charge, accruing on a monthly basis from the date payment should have been made of 1.5% per month during the period of delay, or the maximum allowed by applicable law, whichever is less. Any such Open Source Software requested and so received by Customer shall be subject to the applicable Open Source License and this Agreement does not modify or abridge any rights or obligations Customer may have under such Open Source License. Any permitted use or distribution of Open Source Software separate and apart from use of the Software shall be governed by the relevant Open Source License and, with respect to which, Hammer disclaims all warranties and indemnification obligations.
